### DETAILED ACTION

1. Claims 24-42 are pending in the application. Claims 28-40 have been previously withdrawn from consideration, as being drawn to a nonelected invention (see Office action dated 11/24/03).

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 24-27, 41 and 42 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Newly added independent claim 41, incorporates the following subject matter: "after passing the ethylene through a mixing and dissolving zone, completely dissolving the ethylene in the reaction medium stream..." in lines 3 and 4 of method step (a). Applicants have stated, in the amendment filed 1/9/04 that support for the amended and new claims may be found inter alia in the original claims. However, there is no written description of the claim limitation "after passing the ethylene through a mixing and dissolving zone, completely dissolving the ethylene in the reaction medium stream...", in the application as filed (in either the original claims or disclosure) and, therefore, it is doubtful that applicants had possession of the presently claimed invention at the time of filing.

***Response to Arguments***

Applicants' arguments, filed 1/9/04, have been considered but are moot in view of the new ground(s) of rejection.

Applicants' amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
